RE: Proposed changes to Guam's Malpractice law

Dear Senators,

If the current Malpractice law changes to remove mandatory arbitration, it will discourage doctors from practicing on Guam.

I have been a practicing Psychiatrist for over 33 years and I know how difficult it is to get doctors to come to Guam.

Currently and historically, Guam has a difficult time getting doctors to come to the island.

Removing mandatory arbitration would significantly increase the difficulty of bringing doctors here.

I ask that the Guam Legislature realize the difficulty of getting doctors to Guam when they consider changes to the current Law requiring mandatory arbitration.

Sincerely,

Victor Perez, M.D.

Psychiatrist
