My name is Sibyl Crisostomo, Speech/Language Pathologist. I am writing to voice my concern about Bill 112 - I do not support it.

I feel it would be best to re-write a bill that includes a lawyer that is well versed in health care, along with a group of trustworthy doctors, nurses, and other health care professionals who would like to contribute to writing a dependable method of assessing initial complaints at the least amount of expense. I feel we must protect the honest professionals and COMPLIANT patients and be able to carefully scrutinize the true intent of a complaint, assess the complaining Pt's. compliance, goals, and circumstances. I want to be able to protect all from bonafide errors and unethical practices. I want to be able to dismiss dishonest claims or claims that have ulterior motives attached to them.

Thank you for your attention.
