Hafa Adai Speaker Terlaje.

I write in support of Bill 112 on Arbitration. Plain and simple for we as patients deserve the best care and treatment by medical specialist in their respective areas of medical care.

Si Yu'os ma'ase' for standing up for the general public for I've watched the public hearing and testimonies to which many doctors are just protecting their personal interests.

Hu tuna hao che'lu!

Si Ronald A. T. Laguaña
